

Acceptable use of the internet: agreement for parents and carers

Online channels are an important way for parents/carers to communicate with, or about, our school. The school uses the following channels:

- Our official social media pages
- Bromcom
- Microsoft Teams

Parents/carers also set up independent channels to help them stay on top of what's happening in their child's class. For example, class/year Facebook groups, email groups, or chats (through apps such as WhatsApp).

When communicating with the school via official communication channels, or using private/independent channels to talk about the school, I will:

- Be respectful towards members of staff, and the school, at all times
- Be respectful of other parents/carers and children
- Direct any complaints or concerns through the school's official channels, so they can be dealt with in line with the school's complaints procedure

I will not:

- Use private groups, the school's Facebook page, or personal social media to complain about or criticise members of staff. This is not constructive and the school can't improve or address issues unless they are raised in an appropriate way
- Use private groups, the school's Facebook page, or personal social media to complain about, or try to resolve, a behaviour issue involving other students. I will contact the school and speak to the appropriate member of staff if I'm aware of a specific behaviour issue or incident
- Upload or share photos or videos on social media of any child other than my own, unless I have the permission of the other children's parents/carers

Acceptable use of the school's ICT facilities and internet: agreement for students and parents/carers

When using the school's ICT facilities and accessing the internet in school, I will not:

- Use them for a non-educational purpose
- Use them without a teacher being present, or without a teacher's permission
- Use them to break school rules
- Access any inappropriate websites
- Access social networking sites (unless my teacher has expressly allowed this as part of a learning activity)
- Use chat rooms
- Open any attachments in emails, or follow any links in emails, without first checking with a teacher
- Use any inappropriate language when communicating online, including in emails
- Share any semi-nude or nude images, videos or livestreams, even if I have the consent of the person or people in the photo/video
- Share my password with others or log in to the school's network using someone else's details
- Bully other people
- Use AI tools and generative chatbots (such as ChatGPT or Google Bard):
 - During assessments, including internal and external assessments, and coursework
 - To present AI-generated text or imagery as my own work
- I understand that the school will monitor the websites I visit and my use of the school's ICT facilities and systems.
- I will immediately let a teacher or other member of staff know if I find any material which might upset, distress or harm me or others.
- I will always use the school's ICT systems and internet responsibly.
- I understand that the school can discipline me if I do certain unacceptable things online, even if I'm not in school when I do them.
